

Blairmont Church of Christ

Report

February 2022

Prepared by: Calvin Semple

We are thankful that all COVID-19 measures have been relaxed by the government of Guyana. This comes in time as we are about to have our Ladies Day that we are very busy preparing for. The theme is "Keeping Our Focus On God", from Isaiah 26:3

For the most part we are doing well.

There is a bit of togetherness building among some members, we are praying that this will continue to build and grow among the church.

One of our young families have just had a wonderful baby boy born, Nathan. We are happy for them.

Brother Hooper and I continue to spread the gospel of Jesus Christ on the television program "The Narrow Way". The program is aired three days a week.

Please Pray:

For us at Blairmont that we may grow in faith.

For members to be more involved in the work of the Lord

For the persons we are studying with to obey the gospel

For our relationship with each other to be stronger

On a personal note;

I took my wife to see the doctor as her medical situation was not getting any better. The ran some tests to identify her illness and found that she has gastritis, causing intense burning in her body and she vomits very frequently. She is on a strict diet and has to eat almost every 2 hours, along with taking medication to help fight her illness. Please keep her in your prayers.
